

University of  
Western Sydney

Bringing knowledge to life

UWS Education  
Knowledge Network

Launched in September 2006, the Education Knowledge Network enables UWS to build closer relationships with our alumni and provide them with ongoing learning opportunities.

The Education Knowledge Network offers its members the opportunity to attend meetings which are designed to bring teachers together and give them the opportunity to network and hear about exciting new initiatives relevant to education.

By becoming a member of the Education Knowledge Network, you will also receive exclusive invitations to attend seminars, professional development workshops, and other events free of charge.

With the support of our alumni working in partnership with School of Education staff, the Education Knowledge Network will continue to grow and provide opportunities for:

- Professional learning
- Education seminars
- Research
- School partnerships

We value the input of our alumni and want them to understand that they can still make use of the learning and new knowledge development that goes on at the University.

To join this Network, please fill in the application form overleaf and return to UWS Alumni Services as specified on the back page.

Welcome to the Education Knowledge Network!

# Alumni Membership Form and Update of Details

## Personal Details

Title .....Surname..... Given Names .....

Name on degree (if different to above) .....
